# 'Thank You'

Two little words used often, but we on the auction committee of the S.T.A.R.S. Foundation mean them with all our hearts. The children who participate in their class projects, the teachers who plan art time to create them, the administrative staff who field questions and communicate with the parents, the families and individuals who donated so many wonderful items for us to bid on, the businesses who did the same, the S.T.A.R.S Board to approve the MANY enriching grants, the volunteers from the high schools, and the families of the committee who pulled together while we spent many exhilarating and exhausting hours bringing together this wonderful event. There are so many more individuals as well, but to everyone, we can only say a simple but heartfelt...  
Thank you.
